

NSYSU International Student Off-Campus Internship Incentive Program

To encourage international and overseas Chinese students of National Sun Yat-sen University to actively participate in off-campus internships at Taiwanese enterprises and institutions, accumulate practical work experience, cultivate essential workplace skills, and expand career development opportunities in Taiwan, the "International Student Off-Campus Internship Incentive Program" has been established.

Eligible international and overseas Chinese students who secure and complete off-campus internships at enterprises or institutions within Taiwan during their enrollment period may apply for incentives in accordance with this program.

1. Target Applicants

Degree-seeking international students and overseas Chinese students currently enrolled at NSYSU who participate in off-campus internships during their studies.

2. Eligibility Criteria

Applicants must meet the following conditions:

- Hold official degree-seeking status as an international or overseas Chinese student at NSYSU.
- Participate in off-campus internships within Taiwan during the application period.
- Internship opportunities may be secured independently by the student, or obtained through the university, academic departments, or other channels.
- The internship period must comply with relevant Taiwanese laws, regulations, and work permit requirements.
- Complete the application and submit all required documents within the designated deadline.
- Incentives will be granted only after review and approval by the organizer.

3. Application Period

August 1, 2026 – July 31, 2027

4. Incentives Applicants who meet the criteria, complete their off-campus internship, and pass the organizer's review will receive:

 **One set of NSYSU Special Edition Building Blocks** (valued at NT\$399)

- *Note:* Each student may apply once per semester.
- *Note:* Quantities are limited and available while supplies last.

- *Note:* The actual item provided is subject to the current year's program provisions and available stock.
